## ABOUT THE STATE.

Items of Interest Gleaned From Our Exchanges.

The University of Vermont is to be the first to meet Harvard University at base ball next season. The game with Vermont being fixed for April 4.

Ansel Neal of Burlington, aged 71 years, died at that city on Sunday evening, very suddenly of heart failure. Mr. Neal was a veteran of the Civil War, having served with distinction during the whole war.

Frank Casavant of Richmond died at that place Monday, aged 83 years. Mr. Casavant had been a resident of Richmond for 50 years and during most of that time had been in the meat business in that village.

Charles S. Wardwell, the engineer who was wounded in the Wallcut massacre, a short time ago was able to be moved from the Rutland city hospital, where he has been confined since his injury to his home in that city on Saturday.

Mrs. Angelina Charland of Richmond, this state, who has recently celebrated her 85th birthday, has 79 descendants living in Richmond. Out of 112 in the United States, Mr. Charland is the senior member of a family of four generations.

George Adams, a switchman employed by the Rutland railroad, was thrown from a running board on a freight car at Burke and suffered severe injuries. He was taken to the hospital at Ogdensburg. It is not thought that his injuries will prove fatal.

A young woman named Ida Emory was in court at Burlington Monday morning to answer to charges of intoxication. The young woman was picked up on Church street by the police Saturday night in a very advanced stage of intoxication.

An epidemic of measles has broken out at the University of Vermont. As yet there are not many cases, six being at the young ladies dormitory and three being among the young men. Practically every student in the college has been exposed. The cases are very light.

F. H. Rutton of Clarendon has found a deposit of marble on his farm and that of the farm adjoining his which proves to be of an extraordinary fine quality. The marble is the variegated white variety and is hard like Italian marble and has a sparkle like the Wallcut variety. The deposit covers an area of about 25 acres.

At a meeting in Rutland last Saturday of the stockholders in the Rutland street railway, the People's Gas Light Company, Chittenden Power Company and the Vermont Internal Improvement Company, it was voted to combine the companies under the name of the Rutland Railway Light and Power Company. The capital stock of the companies was reduced from \$3,300,000 to \$1,500,000.

## MAY SUFFER FOR IT.

Physician Returning \$10,000 Won't Tell Thief's Name.

Memphis, Tenn., Feb. 1.—On November 5, 1905, a \$10,000 money package was stolen from the office of the Southern Express company at New Albany, Miss. A few days later the thief sought Dr. M. F. Rogers, and pledging him to secrecy, returned the package intact. The doctor turned the package over to Express Detective Burns, stating that while he knew the thief he was bound by honor not to reveal the name. The grand jury sought to force from Dr. Rogers the identity of the thief, and the judge threatened a heavy penalty should he persist in refusing to divulge the name.

Dr. Rogers said to the court: "I do not desire to show any disrespect to this court, but I am in honor bound not to disclose the name of the one who returned the money to me. You may deprive me of my liberty, but you can't take from me my sacred honor."

Despite the efforts of his friends, the doctor will probably have to serve a prison term for contempt.

## LOSS HALF A MILLION.

Clark's Reduction Works at Butte Damaged by Fire.

Butte, Mont., Feb. 1.—Fire of an unknown origin destroyed a portion of Senator W. A. Clark's Butte reduction works yesterday morning. It broke out about midnight and resisted all the efforts of the firemen until at 3 o'clock it had enveloped the concentration building in which it started and the large elevator used for conveying concentrates.

At 2:45 the firemen gained control, saving the engine house, with valuable machinery and the smelter plant. A. H. Wethy, local manager for Senator Clark, estimates the loss at half a million. It was only partially insured.

## MOB REVILES AUSTRIA.

Servians Parade in Belgrade and Wreck Property.

Belgrade, Servia, Feb. 1.—The bitterness felt here against Austria was again evidenced yesterday by the action of a mob who broke up a meeting of prominent merchants held to protest against the attitude of Servia toward Austria. The mob subsequently paraded the streets, shouting "Down with Austria," and wrecking property belonging to the known sympathizers with Austria. The police did not attempt to make any interference.

Will Marry Woman Bought for \$3.

Wilkesbarre, Pa., Feb. 1.—Raymond Palmer of Wyoming county, who five years ago bought "George" Rosgrant's woman for \$3, and her child of a thrown by, took out a marriage license to wed her at Tunkannock Tuesday. She gave her name as Cora Spencer. Rosgrant sold her to Palmer on July 5, 1900, the agreement read: "Raymond Palmer bought George Rosgrant's woman, who was named Cora, and the little girl thrown by, and he agreed not to bother her nor to bother him."

The woman, who had lived with Rosgrant for some years, and went with Palmer to his cabin on Tunkannock mountain, attended the festivities which marked her arrival there and spent his \$3 for a pig, which furnished a large part of the repast.

## NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the forerunner of baldness, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and in time, falls out. This can be prevented.

Newcomb's Herpicide kills the dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

**Rickett & Wells, Special Agents.**

## NOTICE.

Willard G. Smith, who during an absence of 30 years from this state, has been repaired and adjusted sewing machines of all kinds in factories, for all branches of manufacturing in central New York, and over 700 machines in Burlington, Vt., since his return, will repair machines at your homes in Barre and vicinity, making an old machine run like a new one—or no pay. Address or leave word at No. 30 Averill street.

## NOW IS YOUR CHANCE

I am going to close out what remains of my electrical goods at greatly reduced prices. I have a large stock of electric wiring, switches, fuses, etc., at \$2.50 now \$1.50. Only a very few of these left.

Electric Insulators, the greatest thing ever invented, stand on ice all day and yet have warm feet. Nothing like them for cold feet, rheumatism, cramps and gout in feet and legs. They are invaluable to those having rheumatism and are prescribed by the best physicians on this continent, they knowing that the foot is the proper place to apply electricity. What is left of my stock is all in glass jars. Order by mail or come to see me. Formerly sold at 25 cents per pair. Am closing them out at 15 cents and you will have to order quick to get them at this price. If you wish to come by mail, send 5 cents extra for postage per pair.

I also have one Electric Carriage Lamp, all complete and ready for use. I did sell these for \$4.00. Will sell this one for \$4.00. A great bargain.
